

## **ATTENTION ALL PATIENTS WITH DENTAL INSURANCE**

Insurance policies can change frequently, and it can sometimes be difficult to keep up with the details of every individual plan. While our team does its best to stay informed, we may not always have the most up-to-date information about your specific coverage. For this reason, we encourage you to **review your policy so you have a clear understanding of your benefits.**

Please keep in mind that **your insurance plan is an agreement between YOU and your insurance company.** As a courtesy, we are happy to submit claims on your behalf; however, **coverage and payment are determined by your insurance company.** Factors such as eligibility, plan maximums, deductibles, frequency limitations, and other policy provisions may affect how your claim is processed.

If you have any questions about your coverage, **we recommend contacting your insurance provider directly for the most accurate information.**

**Ultimately, ANY costs not covered by your insurance plan are your responsibility.**

We appreciate your understanding and are always here to help in any way we can.
